PETITIONS, REMONSTRANCES & COMMUNICATIONS**(02-654) Communication from Corporation Counsel with RESOLUTION of INTENT
Regarding LAKEVIEW MUSEUM.**

Council Member Nichting moved to approve the Resolution of Intent regarding Lakeview Museum; seconded by Council Member Turner.

Mayor Ransburg said several groups had come together for a collaborative effort to support this endeavor and he felt a museum project would be an exciting addition for the Peoria community. He spoke in support of building a museum downtown to bring tourism and new energy to the downtown area and the Riverfront.

Council Member Turner moved to grant Privilege of the Floor to former Mayor Dick Neumiller; seconded by Council Member Morris.

Council Member Morris spoke in support of the proposed Resolution and, as the liaison to the Site Selection Committee for the museum, he said approval of the Resolution would allow negotiations to begin for locating the museum on the Sears Block. He also discussed points that supported the idea of a non-profit organization being a good anchor for the proposed area.

Council Member Thetford also spoke in support of moving forward with beginning efforts to place the Lakeview Museum on the Sears Block. She commended Congressman LaHood and his representative, Brad McMillan, for an incredible job of pulling all the varied historical interests together to bring a project together that would be a regional draw. She said there would probably be some mixed use on the site chosen and pointed out certain issues of design and control were addressed in the Resolution.

Council Member Spears discussed a project proposed by former Council Member Kouri in the early 1990's which probably planted the seed of moving the Lakeview Museum. He expressed his regrets of the museum leaving the Fourth District but he said he realized the potential of the move for the community. He indicated he felt it would be a mistake to discuss mixed use for the Sears Block. He said the museum needed to be located on the Sears Block with room to expand for future generations.

Council Member Nichting agreed with Council Member Spears remarks and he said he believed the intent of property owners who deeded the Sears Block property to the City for a small token amount was to provide land for a project that would support community interest and opportunities for all generations. He also spoke against mixed use for the Sears Block.

Council Member Sandberg requested an explanation of what was meant by mixed use in the portion of the site to be utilized by the museum and other mixed uses. He said he thought the intent of the proposed Resolution was to provide an opportunity for a grant to be applied for, and he was in support of committing the Sears Block to the project. He questioned how much of a portion of the site would be considered for the museum project. He said he felt the best use, as well as the most economical use, would not involve subsidizing private development on the Sears Block.

Mayor Ransburg said the details of the site still remained to be developed. He said consultants had advised that the best use for the Sears Block would be a mixed use site.

Council Member Teplitz spoke in support of the Resolution, and she indicated the Resolution was only the beginning of a very large project. She said the Resolution would allow the museum proponents to move forward with applying for a grant by the deadline of October 1, 2002. She said the Resolution would not tie the City or Lakeview Museum to anything beyond applying for State funding. She thanked and recognized Ms. Sally Page, who was one of the founders of Lakeview Museum in the 1960's, and she thanked Ms. Page for her support of the downtown site.

Hearing no objections, Mayor Ransburg granted Privilege of the Floor to former Mayor Dick Neumiller and others who wished to address this issue.

Mr. John Elias, 416 Main Street, Attorney representing Lakeview Museum, discussed the grant and the deadline that needed to be met for the application process. He added that whether or not there would be a mixed use for the site or, if the museum would use the entire site, would be decided in discussions held at a later date.

Mr. Jim Richerson, 6831 N. Fox Point Drive, President of Lakeview Museum, thanked numerous people in the community for moving this project forward. He said museum members had grown from 26 groups to 4,200 members. He outlined some of the events and programs that had been hosted by Lakeview Museum over the years and their ever growing collection in the permanent gallery. He further discussed Lakeview's affiliation with the Smithsonian Institution, which was the only affiliate in the State of Illinois. He explained that loaned artifacts from the Smithsonian would be arriving for exhibit next year at Lakeview. He expressed the need for a larger museum facility so the community would not lose opportunities for exhibits and programs needing larger facilities. He said Lakeview had been actively seeking the best path for the future. He added that Lakeview had joined planning resources with the Peoria Historical Society to fulfill the vision of telling the history of Peoria in a new museum. He listed a number of other entities who had collaborated to bring this project to this point. He said the Sears Block was the core of the region and would assist in driving further development.

Dr. John Irwin, 9609 Oak Forrest Court, Vice-President of the Peoria Historical Society and representing a membership of 600, discussed the plan for development of a historical museum. He said a downtown riverfront site was listed as a preferred location. He said efforts were combined to bring this project forward. He referred to consultant reports which supported mixed use in the Sears Block. He urged the Council to support the proposed Resolution.

Mr. Keith Arnold, 106 E. Northgate Road, Director of the Peoria Convention and Visitors Bureau, discussed the importance of cultural and heritage attractions to bringing new tourists to the community. He said numbers three and four of the top ten reasons people visit a community related to heritage or cultural events. He further discussed the importance of a major destination driver and a major attraction in close proximity to the Civic Center and an area where there was a critical mass of attractions to draw conventions and families. He said those who selected new locations for headquarters or branch offices took into consideration quality of life issues. He said he felt strongly a museum would mix well with past, current and new development projects in the downtown area.

Mr. Dan Phillips, 311 S. W. Water Street and owner of the Illinois Antique Center, spoke on behalf of PRIDE and he said new businesses on the Riverfront had created a new business community. He spoke in support of the proposed location of the Sears Block for a new Lakeview Museum. He said Peoria had been considered the best choice for a convention site in its class for many years. He said, speaking for members of PRIDE, the project had their total support.

Mr. Brad McMillan, 100 N. E. Monroe, District Chief of Staff for Congressman Ray LaHood, said there were 155 members of the museum collaboration group, which he co-chaired. He said a key element was that there was strong support by Central Illinois Federal and State Legislators. He read from a letter to Mr. Brent Manning, Director of the Department of Natural Resources and overseer of the agency who administered the Illinois Public Museum Grant Program, which was distributed to the City Council. He said another key element of awarding this grant was collaboration with members of the community. He thanked Caterpillar for their financial support of providing bus trips to different museums, and planning dollars. He said Caterpillar had requested 20% of the space in the museum to tell the Caterpillar story. He thanked the Mayor and members of the Council who had taken time to go to other museums so the best interests of our community could be served.

Mr. Richard Neumiller, 3330 W. Lisa Lane and former Mayor of the City of Peoria, spoke in support of the proposed Resolution and locating the museum on the Sears Block site. He discussed past mile stones of the City which included the change to the Council/Manager form of government and the approval of new taxes for debt reduction for a new Civic Center. He said he felt it was possible to build a world-class museum on the site of the Sears Block dedicated to art, history, science and technology. He urged the Council to move forward to make this project a reality and to form a partnership with the proponents of this new project.

Ms. Sandra Birdsall, Chairman of the Peoria Chamber of Commerce, spoke on behalf of their 1,300 members and presented a statement of support to the Council regarding the proposed Resolution. She said she looked forward to future analysis and she appreciated the Council's support.

Council Member Grayeb stressed the importance of a vital downtown, which if allowed to deteriorate, would eventually affect revitalization of core neighborhoods. He said a challenge for this Council would be to marry the renewed vibrancy in the downtown area to core neighborhoods.

Motion to approve RESOLUTION NO. 02-654 of Intent regarding Lakeview Museum was approved by roll call vote.

Council Member Morris moved to grant Privilege of the Floor to Mr. Solomon Balraj; seconded by Council Member Turner

Hearing no objections, Mayor Ransburg granted Privilege of the Floor to Mr. Solomon Balraj.

Mr. Solomon Balraj, Director of the Greater Peoria Regional Airport, congratulated the City regarding their decision to move forward with selecting a downtown site for a new museum. He said he was pleased to relocate to the City of Peoria and he looked forward to working with the City Council and the community on matters of mutual concern.

Council Member Nichting moved to receive and file; seconded by Council Member Morris.

Approved by roll call vote.

(02-664) Communication from Director of Planning and Growth Management with Request from the HOME (Home Ownership Made Easy) Advisory Board to EXTEND the CONTRACT for 2003 and 2004, with the CHILDRENS HOME as Fiscal Agent Partner with HOME and to FUND HOME OWNERSHIP COUNSELOR POSITIONS with CDBG Public Service Funds.

Director of Planning and Growth Management Wayne Anthony distributed a communication from representatives of the HOME Advisory Board to City Council Members requesting a deferral.

Council Member Sandberg moved to defer this item for one week until the October 1, 2002, Regular City Council Meeting; seconded by Council Member Thetford.

Council Member Thetford requested a report back to come back at the next Council Meeting regarding which person at HUD had restricted the funds to the Public Service category.

Council Member Turner expressed concern that the proposed request had been made for the use of CDBG funds. He pointed out the Council had committed to leaving the CDBG 15% set-aside alone which was disseminated through the application process of the Human Resources Commission. He said any change in the funding commitment should not be considered.

Council Member Teplitz explained from her experience that HUD made regulation changes on a regular basis, which made situations more difficult. She said she hoped another source, other than CDBG funding, would be found to fund these critical positions to the homeownership program.

Council Member Spears said the Federal government determined how the money could be spent. He said he felt it was up to the Council to set the tone and express their desires to their Congressmen or Senators. He said the Council should question what the Council could do to move forward with CDBG monies. He said the Council should be more forward with their needs and then lobby or send Resolutions to lawmakers so they would understand what the City wanted.

Council Member Sandberg withdrew his motion to defer this item because of his support of the commitment made regarding CDBG funds.

Council Member Thetford moved to defer this item for one week until the October 1, 2002, Regular City Council Meeting; seconded by Council Member Ardis.

Discussion was held and Director Anthony explained that the request came from the HOME Advisory Board through his department. He said, as with other Commissions, if a recommendation was made then his department brought it before the Council. He said, if this item was deferred one week, it was his understanding that additional discussion would be held.

Council Member Grayeb urged the Council to vote against deferral. He said the Council established several weeks ago that no change should be made to the 15% CDBG funding.

Motion to defer this item for one week until the October 1, 2002, Regular City Council Meeting was DEFEATED by roll call vote.

Yeas: Ardis, Nichting, Spears, Thetford - 4;

Nays: Grayeb, Gulley, Morris, Sandberg, Teplitz, Turner, Mayor Ransburg - 7.

Council Member Grayeb moved to receive and file the communication from Director of Planning and Growth Management with Request from the HOME (Home Ownership Made Easy) Advisory Board to extend the Contract for 2003 and 2004, with the Children's Home as Fiscal Agent Partner with HOME and to fund HOME Ownership Counselor positions with CDBG Public Service Funds; seconded by Council Member Turner.

In further discussion with Council Member Nichting, Director Anthony said this request would be submitted for CDBG funding and would be ranked against all the other requests from various organizations, or another funding source would need to be found.

Council Member Thetford said she would still want the report back she requested regarding HUD.

Council Member Nichting also requested that the report back include the reasons for the change and if it was something the City had failed to do. He said he also wanted to know if there was a change in policy or a change in Washington.

Motion to receive and file the communication from Director of Planning and Growth Management with Request from the HOME (Home Ownership Made Easy) Advisory Board to extend the Contract for 2003 and 2004, with the Children's Home as Fiscal Agent Partner with HOME and to fund HOME Ownership Counselor positions with CDBG Public Service Funds was approved by roll call vote.

(02-665) Communication from Director of Planning and Growth Management with Zoning Commission Recommendation to Approve and City Staff Recommendation to DENY an ORDINANCE Granting a SPECIAL USE in a Class R-6 (Multi-Family Residential) and an R-4 (Single -Family Residential) Districts for a CHILD CARE CENTER for Property Located at 1201 and 1221 N. E. GLEN OAK AVENUE.

Council Member Thetford said it appeared this property was located in a Historic District and there were some concerns that needed to be addressed. She said she planned to meet with the petitioner and Staff to resolve buffering issues.

Council Member Thetford moved to defer this item for two weeks until the October 8, 2002, Regular City Council Meeting; seconded by Council Member Grayeb.

Motion to defer this item until October 8, 2002, was approved by roll call vote.

Nays: None.

(02-598) Communication from Director of Public Works Requesting ADOPTION of the CITY OF PEORIA DISTRICT IDENTIFICATION PROGRAM. (New Communication)

Director of Public Works Steve Van Winkle explained that this communication was a substitute for the previous communication that originally came to Council on August 27, 2002. He said, since that time, meetings had been held with the PRIDE group who initiated the program and it was found that the Banner Program probably was not the best fit for the District Identification Program so it was given a different name to be distinguished from the Banner Program. He gave a brief overview of the communication. He said if the Council planned to consider this communication at this meeting, he wanted to add a sentence in the last paragraph of the page to read "Banners must be removed by the owner of the banners within 48 hours after the expiration or revocation of the banner permit."

Council Member Nichting commended Director Van Winkle and Council Member Ardis for bringing this matter forward. He questioned if Director Van Winkle had an opportunity to follow up on the private company who was looking to manage and provide a revenue source to the City. He added the proposal would provide advertising for events, etc., on all poles throughout the City.

Director Van Winkle said he was aware of some proposals but he was unaware of this particular opportunity. He indicated he would be interested in reviewing the proposal. He said the intent for the Banner Program was not to suggest any changes at this time and recognize there may be a lack of resources to support the program in 2003. He said this other proposal that had a revenue source may be an alternative.

Council Member Sandberg expressed concern regarding policy implications that banners would be approved for public property but would be considered illegal on private property. He questioned if there was inconsistency in the policy.

Council Member Morris stated he did not support a Banner Program to sell public space for advertising or logos. He said he supported a Banner Program such as the one initiated by the PRIDE group.

Following further discussion, Council Member Morris moved to defer this item for two weeks until the October 8, 2002, Regular City Council Meeting; seconded by Council Member Turner.

Motion to defer this item until the October 8, 2002, was approved by roll call vote.

CITIZEN REQUESTS TO ADDRESS THE COUNCIL

(02-667) REQUEST from CITIZENS to Address the CITY COUNCIL Regarding VARIOUS ISSUES.

Hearing no objections, Mayor Ransburg granted Privilege of the Floor to those who wished to address the Council.

Mr. Tom Edwards, 2702 N. Peoria, commended the Council regarding their decision regarding Lakeview Museum and he said he felt the old tree located on Forrest Hill could be considered a museum piece. He said he had obtained 1,044 signatures on petitions in support of saving the tree on Forrest Hill and would be presenting those to the City Clerk at a later date. He urged the Council that when land was being developed that the environment surrounding the development be reviewed. He thanked Council Member Teplitz and Council Member Sandberg for their assistance.

Ms. June Moore, 1409 W. Millman, discussed bushes and trimmings in her neighborhood.

Mr. D. Doc McQuellan, 901 W. Nowland, discussed his organization which dealt with hazards and awareness of lead-based paint.
