PETITIONS, REMONSTRANCES & COMMUNICATIONS

(00-781) PUBLIC HEARING Relating to the Adoption of a TAX INCREMENT FINANCING PLAN for the DOWNTOWN STADIUM REDEVELOPMENT PROJECT AREA.

Council Member Turner moved to open the Public Hearing regarding the adoption of a Tax Increment Financing Plan for the Downtown Stadium Redevelopment Project Area; seconded by Council Member Ardis.

Approved by roll call vote.

Yeas: Ardis, Duncan, Gibson, Grayeb, Morris, Sandberg, Spears, Thetford, Turner, Mayor Grieves – 10;

Nays: None.

The Public Hearing opened at 6:26 P.M.

Hearing no objections, Mayor Grieves granted Privilege of the Floor to those who wished to speak.

Mr. Tim Bertschy, Attorney with Heyl, Royster, Voelker & Allen Law Firm, stated he represented the George Pasquel Co., owner of a building located at 701 S.W. Adams which was located in the proposed ballpark site. He said the structure was pre-civil war and was the oldest building in the City of Peoria. He said the structure could be relocated and utilized as an amenity to support the people frequenting the ballpark and asked the Council to consider Mr. Pasquel's idea.

Mr. Jim Voyles, Attorney with Graves Law Offices, L.L.C., spoke in behalf of the Borzak family, fourth generation owners of the Eagle Cleaners. He explained the position and concerns of the Borzak family with respect to the redevelopment agreement and the proposed TIF area and he said the family wanted to relocate the business, which would allow them to continue contributing to the City's economy.

Mr. Dick Clift, a property owner in area of the proposed ballpark, stated his property was obtained and secured by a land patent. He gave a brief history regarding grid system and the layout of the City of Peoria and described what a land patent was.

Council Member Nichting stated he would be abstaining from voting due to his ownership of property in the area.

Following Mayor Grieves' third call and determining that no one else wished to address the issue, Council Member Turner moved to close the Public Hearing; seconded by Council Member Ardis.

Approved by roll call vote.

 of Justice in the Amount of \$45,348.00, with a Match of \$15,114.00 in the First Year,
 and \$62,276.00 in the Second Year.**

Several Council Members and Staff discussed some of the concerns regarding the validity for alternative funding sources requested by the Police Department and whether this was the most cost effective way to achieve the goal. It was determined there had been an increase in overtime expenses due to personnel on IOD status, personnel turnover and complications arising from the Y2K upgrades of the public safety computer system. It was further explained this would alleviate the use of computer programmers and place the data entry function where it should be. It was determined that allocations were taken out of overtime, training line items, etc., and monies had been offset to put this in place for the first year.

Assistant Police Chief Michael Buttons explained the Police Department felt they could make some cuts in some line items in order to achieve the data entry and the Staff felt this was the most cost effective manner to accomplish this.

Mayor Grieves reiterated this seemed a good way to obtain funding assistance to cover a need, even if the City had to fund this at a later date.

In further discussion, it was determined at the end of the two years, if there were no additional funds provided in the regular budget process by the Council, these positions would be gone.

Council Member Nichting moved to authorize the City Manager to accept the Cops More 2000 Grant from the U.S. Department of Justice in the Amount of \$45,348.00, with a match of \$15,114.00 in the first year, and \$62,276.00 in the second year; seconded by Council Member Grayeb.

Approved by roll call vote.

Yeas: Ardis, Duncan, Gibson, Grayeb, Morris, Nichting, Turner, Mayor Grieves – 8;

Nays: Sandberg, Spears, Thetford – 3.

**(00-793) Communication from Director of Public Works Regarding REDUCTION of DAYS
** of OPERATING LIBERTY LOT. (For Information Only)**

Council Member Nichting and Director of Public Works Steve Van Winkle discussed the concerns of a possible dilemma being created with the perception that one lot was charging parking fees and another was not charging parking fees and what impact this would have on downtown establishments.

Director Van Winkle said he believed the reason people were not frequenting parking lots was due to the fact there was a lot of on street parking available in this area on Sundays and the generation of traffic was low. He said Staff would monitor this situation over a period of weeks to see if the City was losing ground in other pay areas and report back to Council.

Council Member Nichting requested the City monitor the base line income for the entire downtown parking area and any significant decrease in shift that occurred by providing free parking in the Liberty Lot area, that it be evaluated on a monthly basis and presented to the City Council in the City Manager's Report.

Council Member Morris moved to receive and file the communication from Director of Public Works regarding reduction of days of operating Liberty Lot; seconded by Council Member Grayeb.

Approved by roll call vote.

Yeas: Ardis, Duncan, Gibson, Grayeb, Morris, Nichting, Sandberg, Spears, Thetford, Turner, Mayor Grieves – 11;

Nays: None.

**(00-794) Communication from Workforce Development Director Regarding COUNCIL
*** UPDATE on WORKFORCE DEVELOPMENT.**

After commending Workforce Development Director Bashir Ali and his Staff on receiving a \$1 million dollar grant for computer engineering, web design, computer support service, etc. which would provide training in the hi-tech employment field for the people of the Peoria area, Council Member Turner moved to receive and file the communication from the Director of Workforce Development regarding Council Update on Workforce Development; seconded by Council Member Morris.

Approved by roll call vote.

Yeas: Ardis, Duncan, Gibson, Grayeb, Morris, Nichting, Sandberg, Spears, Thetford, Turner,
Mayor Grieves – 11;

UNFINISHED BUSINESS

**(00-777) Communication from Director of Planning and Growth Management with
ORDINANCE Rezoning Property Located at the 1700-1800 Blocks of N.
KNOXVILLE AVENUE, 1700-1800 Blocks N. DECHMAN AVENUE, 100 Block of
E. NEBRASKA AVENUE, 100 Block of E. RICHMOND AVENUE From the
Present Class C-1 District (General Commercial), R-6 District (Multi-Family
Residential), and Class R-4 District (Single Family Residential) to a Class C-2
District (Large Scale Commercial), and Granting a SPECIAL USE in a Class C-2
District (Large Scale Commercial) for a SHOPPING CENTER, with Conditions.**

City Clerk Mary Haynes distributed copies of Petitions bearing 14 signatures protesting the rezoning, which the Legal Department determined were valid to force a two-thirds vote, to all members of the City Council.

Attorney Bob Hall distributed a handout regarding this item to all members of the City Council.

Mayor Grieves explained the format to be used in the overall discussion of the Midtown Plaza Project. He then granted Privilege of the Floor to those who wished to address the Council regarding this issue.

Director of Economic Development David Dobson gave a brief update regarding the redevelopment agreement with Midtown Plaza, L.L.C. for the development of the Midtown Plaza Shopping Center. He explained that all the provisions in the agreement had been satisfied with the exception of two, which related to a zoning change and special use permit. He said the agreement recognized that these two issues needed to be addressed and approved prior to bond issuance. The remaining condition would be the issue of a Bond Counsel opinion, which would be addressed when the bonds were actually sold.

Mr. Bob Hall, Attorney for the developer, David Joseph, gave a brief explanation of the project's chronology and presented slides previewing the proposed Shopping Center Plaza. He focused on the primary areas of attention regarding the project were the issues of buffering and transition.

Mr. David Joseph, the Developer for Midtown Plaza L.L.C., explained the two basic principals he had adhered to during his years as a developer were "to keep your word" and "finish what you start." He said both the Main Street Campus Town Project and the Midtown Plaza Shopping Center shared the same bank lender which secured both projects financially and he said this was viewed as a positive for the City. He urged the Council to support the project.

Mr. Dwight Stimeling, 1806 N. Dechman, spoke in favor of the project and asked the Council to approve the bonds and proceed with this project.

Ms. Cindi Hackett, 1813 N. Dechman, spoke in opposition of the project and described some of the numerous financial expenses involved in relocating her home. She asked the Council to consider very carefully the outcome of their decision.

Mr. William Dawson, 1808 N. Dechman, described some of the changes that had occurred in the area during the past years. He spoke in favor of the developer and asked the Council to vote in favor of the zoning issue.

Ms. Marion Claflin, 1834 N. Dechman, stated she opposed the project.

Mr. Seth Glenn, 1615 N. Dechman, expressed concern that demolition of the neighborhood was not the only available solution to improving the area.

Ms. Virginia Epley, 1837 N. Dechman, distributed photographs of homes in the 1700 block of N. Dechman. She expressed concern regarding the noise and pollution caused by the increase of traffic in the neighborhood, especially with respect to the loading docks. She asked the Council to give serious consideration regarding the impact their vote would have on the City.

Mr. Dennis Veatch, 1801 N. Easton Place, said the developer had satisfied the rezoning requirements and urged Council to vote in favor of the project.

Mr. Kirk Davis, property owner of 1828 N. Knoxville, spoke in favor the project and he said it would be economically good for the community.

Mr. Kevin Skoien, 1633 N. Dechman, expressed concern that the 1600 block of N. Dechman had been completely ignored with respect to the proposed project. He said the problem was the people not wanting to upgrade their homes and standards to improve the neighborhood from the inside.

Council Member Sandberg expressed concern regarding four major points relating to the project. These issues were whether this development was in compliance with the City's Comprehensive Plan; traffic issues; loading dock location and the impact to surrounding community; and setbacks.

In discussion with Director of Planning and Growth Management Wayne Anthony, Council Member Sandberg determined it was a requirement to file a traffic analysis study and an economic development study as part of the rezoning process. Mr. Anthony said that such a study had not been submitted with the zoning application, but the plans were in the hands of the City.

Mr. David Wright, Traffic Engineer, McClure Engineering, quoted traffic numbers on Knoxville and Nebraska Avenue that were included in the report which was reviewed by the City and IDOT. He said an additional right turn lane had been proposed by the developer for northbound Knoxville onto Nebraska Avenue, which was a major intersection.

Council Member Gibson expressed concern that the proposed Midtown redevelopment project would have an economic impact on the second district.

Council Member Turner said this project had been on hold for almost three years. He encouraged the Council to support the project and thereby allowing the residents to proceed with their lives.

Mayor Grieves said improvements made in each district benefited the entire City and allowed the community to grow together.

Council Member Thetford moved for adoption of the rezoning and granting special use as outlined in the communication; seconded by Council Member Turner.

Council Member Ardis questioned if there could be some negotiation between the developer and those people who lived directly adjacent to the project regarding the noise and pollution from the semi-trailer trucks at the loading dock.

Director of Planning and Growth Management Wayne Anthony suggested some conditions that could be included in the ordinance to help alleviate some of the problems.

Mr. Joseph responded that he had just recently been made aware of the problems regarding the 1600 block of N. Dechman and a revised plan had been prepared for the residents in that area. He said members of his staff would be willing to review the plan and address any concerns the residents would have.

Further discussion was held regarding the impact that increased traffic would have on I-74.

Director Anthony stated the developer had submitted a revised site plan in response to the concerns of the property owners on N. Dechman relating to additional landscaping in the loading dock areas. He said the Council needed to clarify if a revision to the site plan was included in the ordinance and what their intent to amend condition number nine regarding additional noise issues.

Council Member Thetford moved to amend her previous motion to incorporate the revision to the site plan and to impose the restriction regarding noise and trucks between the hours of 10:00 P.M. and 6:00 A.M., and include all the conditions, as amended.

The seconder concurred.

Motion to adopt ORDINANCE NO. 15,025 approving Rezoning Property Located at the 1700-1800 Blocks of N. KNOXVILLE AVENUE, 1700-1800 Blocks N. DECHMAN AVENUE, 100 Block of E. NEBRASKA AVENUE, 100 Block of E. RICHMOND AVENUE From the Present Class C-1 District (General Commercial), R-6 District (Multi-Family Residential), and Class R-4 District (Single Family Residential) to a Class C-2 District (Large Scale Commercial), and Granting a SPECIAL USE in a Class C-2 District (Large Scale Commercial) for a SHOPPING CENTER, with the following amendments to the conditions: 1) Per the submitted site plan as amended by the site plan amendment for the area adjacent to Dechman submitted to the Council on 10-24-00; and 9) Semi-trailer trucks parked to the rear of the building shall not run the tractor motor, refrigeration units on trailers or any other motor between the hours of 10:00 PM and 6:00 AM., was approved by roll call vote.
