

NEWS RELEASE

RELEASED BY: Lieutenant Elizabeth Buck - Special Operations

DATE: January 8, 2009

SUBJECT: Integrated Mini-Grant Enforcement Program

IMMEDIATE RELEASE

The Peoria Police Department has just completed the latest campaign enforcement period for the 2008/2009 Integrated Mini-Grant Enforcement Program (aka IMAGE). This program is funded through a grant awarded by the Illinois Department of Transportation. This grant is especially important to the Peoria Police Department because it provides the means for additional traffic enforcement on an overtime basis without negatively impacting our budget. The following is a summary of the enforcement action taken by officers working IMAGE during Campaign 2 which ran from December 19, 2008 through January 4, 2009. Please remember these numbers do not reflect Department wide activity, but only the tickets issued while working overtime grant hours for this project.
