RELEASE OF CRIMEVIEW MAPPING TO PUBLIC

We are pleased to announce that on Wednesday, March 4, 2009, we will be launching public access to Crimeview. Crimeview is a crime mapping tool being made available to law enforcement as well as the community and offers access to neighborhood crime mapping details via user-friendly internet queries. The community crime mapping portion of the system will be linked and available on local law enforcement agencies websites as well as directly accessible through your internet browser.

Tomorrow's press conference will be an opportunity to discuss the value and demonstrate the functionality of this highly anticipated software.

For more information regarding this topic, please contact Officer Doug Burgess – PIO – at 309-494-8319 or 309-231-7441.
